ITSW 2365 Practicum- Data Processing

The Computer Information Systems Practicum program is a curriculum-based practical work experience that enhances student learning. It gives the students the opportunity to put into practice the skills and knowledge that they have acquired in their studies.

The practicum includes the following components:

- a) An intentional learning agenda that the intern, in agreement with the employer, brings to the experience
- b) Career-related work for the student
- c) The evaluation of students work from the supervisor

Spring 2016 Practicum- ITSW 2365 Data Processing

- ▶ Dynamic Campus TSC
- ▶ Temp Control Inc.
- ▶ Barcom Technology Solutions
- ▶ Cruze Technologies
- ▶ Vanguard IT Solutions
- ▶ ENCATEL LLC
