

**Heating, Ventilation, Air Conditioning, and Refrigeration  
Associate of Applied Science**

Texas Southmost College  
Health Care, Career and Technical Education Division

The mission of the Heating, Ventilation, Air Conditioning and Refrigeration (HVAC) program is to prepare students for the successful entry in the air conditioning, heating and refrigeration industry. Students develop skills, knowledge and successful workplace attitudes in installation, service/repair and maintenance of typical equipment and systems. The HVAC Technology program provides students with classroom and laboratory experiences using the most current technology to perform assigned work and projects.
