### **INTRODUCTORY SECTION**

November 13, 2014

To the Members of the Board of Trustees, Administration, Taxpayers of the Texas Southmost College District, and to the citizens of the Texas Southmost College service area:

The comprehensive annual financial report of the Texas Southmost College for the fiscal year ended August 31, 2014 is hereby submitted. The purpose of this report is to provide detailed information concerning the financial condition and performance of the College. Responsibility for the preparation and integrity of the financial information and fairness of the presentation, including disclosures, rests with the management of the College. To the best of our knowledge, the enclosed data are accurate in all material respects and are reported in a manner designed to present fairly the financial position and results of operations of the College. All disclosures necessary to enable the reader to gain an understanding of the College's financial activities have been included.

The financial statements are prepared in accordance with Generally Accepted Accounting Principles (GAAP) as established by the Financial Accounting Standards Board (FASB) and the Governmental Accounting Standards Board (GASB) and comply with Annual Financial Requirements for Texas Public Community and Junior Colleges as set forth by the Texas Higher Education Coordinating Board (THECB). The Notes to the Financial Statements are provided in the financial section and are considered essential to fair presentation and adequate disclosure for this financial report. The Notes include the Summary of Significant Accounting Policies for the College and other necessary disclosures of important matters relating to the financial position of the College. The notes are an integral part of the financial statements and should be read in conjunction with them. Further, this letter of transmittal and the financial statements should be read in conjunction with the Management's Discussion and Analysis (pages 13 - 26) which focuses on the current activities, decisions, and currently known facts to provide an overview of the financial statements and reasons for significant changes from the prior year.

The College's financial statements, as of and for the years ended August 31, 2014 and August 31, 2013, have been audited by Pattillo, Brown & Hill, LLP, a firm of licensed certified public accountants. The goal of the independent audit is to provide reasonable assurance that the financial statements of the College, for the years then ended, are free from material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and, evaluating the overall financial statement presentation. The independent auditors concluded based upon the audit; that there was a reasonable basis for rendering an unqualified opinion that the College's financial statements for the year ended August 31, 2014 are fairly presented in conformity with GAAP. The independent auditor's report is presented as the first component of the financial section of this report.

The College is required to undergo an annual federal single audit in conformity with the provisions of the Single Audit Act Amendments of 1996, and U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments and Non-Profit Organizations*, and an annual state single audit in conformity with the Texas Governor's Office of Budget and Planning *Uniform Grant Management Standards Single Audit Circular*. Information related to these single audits, including the schedule of federal expenditures of awards, schedule of state expenditures of awards, and auditor's reports' on compliance and on internal controls is included in the federal and state single audit sections of this report.

#### Organization of the College

The idea of a junior college campus in Brownsville was once only a vision in the minds of community leaders. This vision began the journey to reality in the spring of 1926 when a committee was formed and the support of the School Board and various community organizations was obtained to form a junior college.

In August of 1926, the School Board voted to install the junior college and named it The Junior College of the Lower Rio Grande Valley. On September 21, 1926, The Junior College of the Lower Rio Grande Valley opened its doors and the College's five faculty members welcomed 84 students to the first classes held at the Brownsville High School. In 1931, the Junior College of the Lower Rio Grande Valley was renamed Brownsville Junior College. Classes would continue to be taught and graduation ceremonies would continue to be held at the Brownsville High School until 1948 when Brownsville Junior College was located on its own campus, the historic Fort Brown.

To say that the College has grown in the past 85 years is an understatement. The College has grown both in terms of size and enrollment. Texas Southmost College, as it was once again renamed in 1949, has expanded from the 47 acres on the site of old Fort Brown to over 380 acres both on and off campus to include facilities in Brownsville, South Padre Island, and Port Mansfield.

In the spring of 1991, the Texas House of Representatives and Senate passed a bill that created The University of Texas at Brownsville (UTB) which would be in partnership with Texas Southmost College. The Partnership with the College operated with a consolidated administrative and academic structure under the direction of UTB. The combined institutions enrolled in academic, occupational, and continuing education courses and the majority of the staff and instructional support were employed by the UTB/TSC partnership.

The TSC Board of Trustees and the University of Texas System Board of Regents both voted to dissolve the existing partnership between the University of Texas at Brownsville and the Texas Southmost College. Recent legislation regarding the partnership provides cooperation for each institution to achieve separate accreditation with a targeted termination by 2015. The transition teams of TSC and UT system have achieved operational separation in Fall 2013 and the teams continue to address the necessary tasks and timelines to achieve the partnership termination.

The College operates as a community college under the laws of the State of Texas and is governed by the elected Board comprised of seven members serving six-year staggered terms. Elections are held every two years in May. The Board of Trustees is charged with policy-making and supervisory functions and delegates certain responsibilities within the partnership to the UTB/TSC President. The Board of Trustees has hired a TSC president who oversees the TSC functions that are not governed by the UTB/TSC partnership agreement.

#### Mission and Values

Texas Southmost College's newly adopted mission statement is "Transforming our communities through innovative learning opportunities." The newly adopted vision statement is "Texas Southmost College will be a premier community college dedicated to student success." The new mission and vision statements were adopted during fiscal year 2012 with input from students, faculty, staff, business leaders, trustees and community members during numerous focus groups and community forums. To successfully fulfill the vision and mission of the college, Texas Southmost College is committed to the established values of integrity, access, service, excellence, innovation, and success.

The mission of the college is guided by the commitment to provide: (1) University transfer, career, and technical programs leading to an associate degree or certificate along with courses specializing in college preparatory and developmental education, workforce training, adult literacy, and continuing education to support the evolving needs of citizens, industry, and economic development initiatives within Cameron and Willacy Counties; (2) High-quality instruction and learning opportunities in the classroom, online, and through other delivery methods; a supportive and innovative faculty and staff; appropriate technology, equipment, and learning resources; and advising and assessment services to promote transfer to a four-year baccalaureate institution, entry or advancement in the workforce, or lifelong learning;

#### Mission and Values (continued)

(3) A learning-centered, service-oriented environment that celebrates diversity and inclusion; facilitates growth and development; fosters social responsibility, critical thinking, communication, and innovation; and empowers and engages students, faculty and staff to achieve personal and professional goals; and (4) Institutional effectiveness that embraces individual accountability, data-driven decision making, change, and an unending pursuit of excellence.

#### **Local Economic Information**

The College is located in Brownsville, Texas, the largest city in the Rio Grande Valley. The largest industries total 68% of the employment population and include: education and health, government, and trade, transportation, and utilities employees. Cameron County, the southern-most Texas County, is the geographical area in which the College resides. The County's estimated population for 2013 was 417,276, an increase of 2.7 percent since 2010. The County's median income per household was \$33,905 compared to the state median of \$51,900.

#### **Major Initiatives**

The College's primary focus during fiscal year 2014 has been centered on the necessary tasks needed to establish functional separation from the partnership by Fall 2013 and working towards independent accreditation by 2015. The college is working to incorporate innovative ideas while moving forward to become an independent community college. These ideas have included developing a partnership with Pearson Learning Solutions to provide fully digital course materials, personalized learning labs; a cloud-based learning management system, on-demand online tutorial service; and access to faculty development services. In addition, the College has entered into a contract with Dynamic Campus to outsource the campus technology needs which will provide for scalable and affordable solutions and necessary technical expertise in the selection and implementation of the campus enterprise system and other software and hardware needs.

Capital projects completed as a result of the \$68 million bond election passed in November of 2004 and the student assessed student recreation center fee include: Recreation Education Kinesiology Center, Library, Classroom Building, Early Childhood Center, TSC Arts Center and Renovations to the Library and the International Technology Education and Commerce Campus (ITECC). No signification capital construction projects were undertaken in fiscal year 2014.

In July, 2013, Texas Southmost College and the University of Texas System (UTS) entered into a letter of intent to sell land, sell and exchange buildings, entering into long term leases for the use of facilities, and receive cash payments and personal property. The final transaction contained cash payments to TSC of approximately \$29 million, of which approximately \$5 million will be used for the defeasance of the student union revenue bonds, and the remaining \$24 million will be available in fiscal year 2014. In addition, the transaction as provides the lease of space to UTS for over \$2 million, provides library services to TSC, continued participation in payments from UTS for the student recreation center, and a significant division of personal property to TSC. The transaction was finalized on January 27, 2014.

#### Financial Information

#### Internal Controls

College management is responsible for establishing and maintaining internal controls designed to ensure that the assets of the College are protected from loss, theft, or misuse and to ensure that adequate accounting data are compiled to allow for the preparation of financial statements in conformity with generally accepted accounting principles. The internal controls are designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that: (1) the cost of a control should not exceed the benefits likely to be derived; and (2) the valuation of costs and benefits requires estimates and judgments by management.

#### **Financial Information** (Continued)

#### Single Audit

As a recipient of federal, state, and local financial assistance, the College also is responsible for ensuring that adequate internal control is in place to ensure compliance with applicable laws and regulations related to those programs. This internal control is subject to periodic evaluation by management and the independent auditors of the College. As a part of the College's single audits, described earlier, tests are made to determine the adequacy of the internal controls, including that portion related to federal and state awards programs, as well as to determine that the College has complied with applicable laws and regulations. The results of the College's single audit for the fiscal year ended August 31, 2014, provided no instances of material weaknesses in internal control.

#### **Budgeting Controls**

The College continues to apply budgetary controls and accounting on a fund basis. The objective of these budgetary controls is to ensure compliance with legal provisions embodied in the annual appropriated budget approved by the College's Board of Trustees. Activities of the unrestricted general, campus facilities and auxiliary funds, restricted parking, scholarship and insurance funds, and retirement of indebtedness funds are included in the annual appropriated budget. The College also maintains an encumbrance accounting system as one technique of accomplishing budgetary control. Encumbered amounts lapse at year-end; however, encumbrances are re-appropriated as part of the next year's budget. All funds are included in the consolidated financial statements presented, although the funds are not separately reported in the CAFR under GASB 34 and 35 (see Note 2 to the Financial Statements, Summary of Significant Accounting Policies, pages 32-34).

As demonstrated by the statements and schedules included in the financial section of this report, the College continues to meet its responsibility for sound financial management.

#### New Pronouncements

The GASB has issued Statement No. 65, "Items Previously Reported as Assets and Liabilities." This Statement specifies the items that were previously reported as assets and liabilities that should now be reported as deferred outflows of resources, deferred inflows of resources, outflows of resources, or inflows of resources. The College implemented this Statement as of the fiscal year ended August 31, 2014.

The GASB has issued Statement No.66, "Technical Corrections – 2012; an amendment of GASB Statements No. 10 and No. 62." The College implemented this Statement as of the fiscal year ended August 31, 2014.

#### **Long-term Financial Planning and Debt Management**

During fiscal year 2014, the College continued to operate as a single combined entity with UTB to facilitate federal student aid awards. UTB draws down federal student aid awards under the same federal identification number and TSC participates in the distribution of the awards to TSC students. The future projections for revenue and expenses will be balanced and will operate within the challenge of providing a quality and affordable education to the students in our community.

The College is authorized to sell bonds and to levy an ad valorem tax in payment of the debt by the Constitution and the laws of the State of Texas. As of August 31, 2014, the College had \$64.1 million in general obligation debt outstanding. Ad valorem property taxes to support outstanding debt are limited to a maximum rate of \$0.50 per hundred dollars of taxable appraised value. General obligation debt may be used to purchase land for sites, construct, improve, renovate and equip College facilities; to refund certain bonds of the College; and to pay the issuance costs of bonds. The last substantial change in the debt service tax rate came after November 2004 when the voters approved a \$68 million bond election.

#### Long-term Financial Planning and Debt Management (Continued)

The current year's total debt service tax rate is \$0.061339 per hundred dollars of taxable appraised value and the College's general obligation debt is currently rated AA- by Fitch Ratings and AA- by Standard and Poor's.

The College currently has \$16.1 million of revenue bonds outstanding. Revenue bonds are special obligations of the College payable as to principal and interest solely from and secured by a first lien on and a pledge of certain revenues. Revenue bonds were issued for the Student Union Building and Recreation Education and Kinesiology (REK) Center and the pledge revenue source for payment of these bonds are fees assessed to TSC and UTB students for these facilities. The Student Union Revenue bonds were defeased on January 27, 2014. In addition, the College issued general revenue bonds for various acquisitions and improvements on campus. Pledged revenues for these obligations include tuition, parking fees, bookstore income, investment earnings, and additional income or earnings. The Standard and Poor's revenue bond rating is currently an A.

#### **Independent Audit**

State statutes require an annual audit by independent certified public accountants. The purpose of an independent audit is to provide assurance, based on independent review and testing, that the basic financial statements and accompanying notes are fairly stated in all material respects. The College's Board of Trustees selected the accounting firm of Pattillo, Brown & Hill, LLP. In addition to meeting the requirements set forth in the state statutes, their audit also was designed to meet the requirements of the Federal Single Audit Act Amendments of 1996 and related OMB Circular A-133 and the State Single Audit related to the Uniform Grant Management Standards Single Audit Circular. The auditor's reports related specifically to the single audits are included in the Single Audit Sections.

#### Awards

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the Texas Southmost College for its comprehensive annual financial report for the fiscal years ended August 31, 2013. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current comprehensive annual financial report continues to meet the Certificate of Achievement Program's requirements and we are submitting to the GFOA to determine its eligibility for another certificate.

#### Acknowledgments

I would like to thank and commend the Board of Trustees and the TSC President for their unfailing support in maintaining the highest standards professionalism in the planning, administration, and oversight of the financial operations of the College. I would also like to acknowledge the assistance provided by the UTB departments of accounting and finance, financial aid, facilities, and institutional effectiveness. The preparation of this report could not have been accomplished without the services of the entire staff of the College's Finance department. I thank and greatly appreciate all the staff that assisted and contributed to the preparation of this report. I would also like to thank the accounting firm of Pattillo, Brown & Hill, LLP for their assistance in the completion of this audit.

Warmest Regards,

Chet Lewis

### FINANCIAL SECTION

#### INDEPENDENT AUDITORS' REPORT

To the Board of Trustees Texas Southmost College District Brownsville, Texas

#### **Report on the Financial Statements**

We have audited the accompanying financial statements of the Texas Southmost College District, as of and for the year ended August 31, 2014 and 2013, and the related notes to the financial statements, which collectively comprise the Texas Southmost College District's basic financial statements as listed in the table of contents.

#### **Management's Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### **Auditors' Responsibility**

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### **Opinions**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the Texas Southmost College District, as of August 31, 2014 and 2013, and the respective changes in financial position, and, where applicable, cash flows thereof, for the years then ended in conformity with accounting principles generally accepted in the United States of America.

#### **Change in Accounting Principle**

As discussed in Note 2 to the financial statements, in 2014 the District adopted new accounting guidance, GASB Statement No. 65, Items Previously Reported as Assets and Liabilities. Our opinion is not modified with respect to this matter.

#### **Other Matters**

#### Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 13 through 25 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Texas Southmost College District's financial statements. The introductory section, combining and individual nonmajor fund financial statements and statistical section, are presented for purposes of additional analysis and are not a required part of the basic financial statements. The schedule of expenditures of federal awards is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and is also not a required part of the basic financial statements.

The combining and individual nonmajor fund financial statements and the schedule of expenditures of federal awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements and the schedule of expenditures of federal awards are fairly stated in all material respects in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

#### Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated November 15, 2014, on our consideration of the Texas Southmost College District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Texas Southmost College District's internal control over financial reporting and compliance.

Brownsville, Texas November 12, 2014

Pattillo, Brom & Dill, C.P.

#### TEXAS SOUTHMOST COLLEGE DISTRICT

#### MANAGEMENT'S DISCUSSION AND ANALYSIS

#### **AUGUST 31, 2014**

Management's Discussion and Analysis of Texas Southmost College District's (the College) financial performance provides an overview of the District's financial activities for the fiscal year ended August 31, 2014. This discussion and analysis is to be read in conjunction with the College's financial statements which begin on page 27.

#### USING THIS ANNUAL REPORT

The financial statements presented in Exhibits 1, 2 and 3 are prepared in accordance with Governmental Accounting Standards Board (GASB) Statement No. 34, Basic Financial Statements and Management's Discussion and Analysis for State and Local Governments, and Statement No. 35, Basic Financial Statements and Management's Discussion and Analysis for Public College's and Universities. The required statements are: the Statement of Net Position, the Statement of Revenues, Expenses and Changes in Net Position and the Statement of Cash Flows.

As required by GASB No. 34 and No. 35, the current and prior year financials are prepared using the accrual basis of accounting, which is the same method used by most private sector companies, and focus on the financial condition of the College, results of operations and cash flows of the College as a whole. For purposes of discussion and analysis, we have provided a year to year comparative analysis of the financial statements. As discussed in Note 27 to the financial statements, the District adopted new accounting guidance, GASB Statement No. 65, Items Previously Reported as Assets and Liabilities in fiscal year 2014.

The notes to the financial statements starting on page 32 provide narrative explanations and additional data needed for full disclosure in the financial statements.

#### The Statement of Net Position

The Statement of Net Position includes all the College's assets and deferred outflows of resources and liabilities and deferred inflows of resources and change in net position as of the end of the fiscal year. The difference between assets of resources and deferred outflows and liabilities and deferred inflows of resources is the net position. Increases and decreases to net position is one indicator of whether the overall financial condition has improved or deteriorated during the year when considered with other factors such as enrollment, contact hours of instruction, student retention, and other non-financial information. Finally, the statement of net position is useful when determining the assets available for continuing the College's operations as well as how much the College owes to vendors, bondholders, and other entities at the end of the year.

The Statement of Net Position includes assets and liabilities, current and non-current net assets. Current assets are those which are available to satisfy current liabilities or liabilities that are due within one year. Non-current assets include capital assets, long-term investments, and other assets, not classified as current. Non-current liabilities include bonds payable and other long-term commitments.

The Net Position is divided into three major categories. The first category, investment in capital assets net of related debt, represents the College's net investment in property, plant and equipment owned by the institution.

#### USING THIS ANNUAL REPORT

(Continued)

The next category is restricted net assets, which is further divided into two categories: nonexpendable and expendable. Expendable restricted net assets are available for expenditures but must be spent in accordance with the restrictions of donors and other external entities. The College only has expendable restricted net assets. The final category is unrestricted net assets which are assets available to the institution for any lawful purpose of the College. Further detail regarding assets, liabilities and net assets is presented in the Statement of Net Position and Notes to the financial statements.

#### The Statement of Revenues, Expenses and Changes in Net Position

The statement of revenues, expenses and changes in net position represents the College's overall results of operations. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recognized when incurred regardless of when the cash is received or paid. The statement is divided into operating revenues and expenses and non-operating revenues and expenses. The College is primarily dependent upon four sources of revenues: state allocations, tuition and fees, grants and contracts and property taxes. Since state allocations and property taxes are classified as non-operating revenues (per GASB requirements), the College will generally display an operating deficit before taking into account its non-operating revenues. Therefore, total revenues and total expenses should be considered in assessing the change in the College's financial position. When total revenues exceed total expenses, the result is an increase in net position. When the contrary occurs, the result is a decrease in net assets. Further detail is presented in the Statement of Revenues, Expenses and Changes in Net Position and in the Notes to the financial statements.

The College's net position (the difference between assets and deferred outflows of resources and liabilities and deferred inflows of resources) provides one measure of the College's financial health or financial position. Over time, increases or decreases in the College's net position are one indicator of whether its financial health is improving or deteriorating. To fully assess the overall health of the College, however, non-financial factors should be considered as well, such as changes in the College's enrollment, property tax base, and the condition of the College's facilities.

#### The Statement of Cash Flows

The Statement of Cash Flows provides the College's cash receipts and payments for the year. This statement is not intended to replicate, on a cash basis, the operating statement. Instead, it is intended to compliment the accrual-basis financial statements by providing functional information about financing, capital and investing activities. The cash flow approach concentrates on the underlying nature of a transaction.

The information contained in the Statement of Cash Flows assesses the College's ability to generate future net cash flows, meet obligations as they come due and needs for external financing. In addition, differences between operating income, associated cash receipts and payments, and the effects on the financial position of both its cash and its non-cash investing, capital and financing transactions can be identified.

#### FINANCIAL ANALYSIS

#### Statement of Net Position

The following analysis focuses on the Statement of Net Position, which is condensed in Table 1. The complete Statement of Net Position can be found on page 26.

TABLE 1
CONDENSED STATEMENT OF NET POSITION
(in millions)

	-	gust 31, 2014	-	gust 31, 2013	August 31, 2012	
Current Assets	\$	55.6	\$	28.1	\$	27.1
Noncurrent Assets						
Cash and Cash Equivalents – Restricted		22.2		18.8		16.1
Capital Assets, Net of Accumulated Depreciation		138.0		153.2		155.9
Other Noncurrent Assets		0.2		0.1		1.8
Total Assets		216.0		200.2		200.9
Deferred Outflows of Resources		0.3		0.4		-
Current Liabilities		14.4		13.1		13.4
Noncurrent Liabilities		75.8		85.9		90.6
Total Liabilities		90.2		99.0		104.0
Deferred Inflow of Resources		0.6		0.7		-
Net Position						
Invested in Capital Assets, Net of Related Debt		56.1		60.9		61.5
Restricted Expendable		28.8		24.5		23.2
Unrestricted		40.6		15.5		12.2
Total Net Position	\$	125.5	\$	100.9	\$	96.9

Total Assets increased by \$15.8 million in fiscal year 2014. Current Assets increased by \$27.5 million which was primarily due to a \$25.2 million increase in cash and cash equivalents, and a \$2.3 increase in accounts receivable net. The increase in cash and cash equivalents is primarily due to the settlement agreement with the University of Texas System (UTS). Capital Assets, Net of Accumulated Depreciation decreased by \$15.2 million related to sale of assets to UTS, the demolition of an old student housing facility, the net difference from the current year's depreciation, and the new additions to the buildings and equipment. There were no new bond financing activities in the fiscal year 2014.

#### **Statement of Net Position** (Continued)

At the end of fiscal year 2014, total liabilities decreased by \$8.8 million. The largest portion of the decrease is related to the decrease in Noncurrent Liabilities which include the defeasance of the Student Union Building Fee Revenue Bonds of \$6.2 million and scheduled debt repayments of \$4.0 million, offset by an increase in current liabilities of \$1.3 million.

Total Net Position (assets and deferred outflows of resources and liabilities and deferred inflows of resources) increased by \$35.2 million over the past three fiscal years. The College experienced an increase of approximately \$24.6 million, \$5.6 million, and \$6.6 million in fiscal years 2014, 2013 and 2012 as compared to the previous respective fiscal years. In fiscal year 2013, a prior period adjustment was recorded to net position resulting in a decrease of \$1.6 million from the implementation of GASB No. 65. Additional explanation of the adjustment is explained in Note 27 to the financial statements. Unrestricted net position – the part of net assets that can be used to finance day-to-day operations without constraints established by debt covenants, enabling legislation, or other legal requirements – represents \$40.6 million of total net position at August 31, 2014.

#### Statement of Revenues, Expenses and Changes in Net Position

The following analysis focuses on the Statement of Revenues, Expenses and Changes in Net Position presented in condensed form in Table 2. The complete Statement of Revenues, Expenses and Changes in Net Position can be found on page 27.

TABLE 2
CONDENSED STATEMENT OF REVENUES, EXPENSES,
AND CHANGES IN NET POSITION
(in millions)

	August 31, 2014		gust 31, 2013	August 31, 2012	
Operating Revenues	\$ 31.5	\$	22.8	\$	38.0
Operating Expenses	(44.8)		(41.7)		(56.1)
Non-operating Revenue	42.1		28.9		29.2
Non-operating Expenses	 (4.2)		(4.4)		(4.5)
Increase in Net Position	24.6		5.6		6.6
Adjustment to Net Position	 		(1.6)

Net Position - End of the Year	\$ 125.5	\$	100.9	\$	96.9

Table 3 details the College's sources of operating revenue. The key sources of operating revenues are: Tuition and Fees (net of scholarship discounts) and Grants and Contracts.

# TABLE 3 OPERATING REVENUE (in millions)

		Fisca	ıl Year	Fiscal Year			Fiscal Year		al Year
	2014				2	2013	2012		
	Aı	nount	Percentage of total	Aı	nount	Percentage of total	Amount		Percentage of total
Net Tuition and Fees	\$	11.6	36.8%	\$	17.8	77.7%	\$	32.7	86.3%
Grants and Contracts		18.6	59.0%		4.4	19.2%		4.8	12.4%
Auxiliary Enterprises		1.0	3.2%		0.5	2.2%		0.5	1.3%
Other Operating Revenue		0.3	1.0%		0.2	0.9%		0.0	0.0%
Total Operating Revenue	\$	31.5	100.0%	\$	22.9	100.0%	\$	38.0	100.0%

Operating revenues were affected by the following key factors:

- The cost for In-district Resident Tuition and Fees for 12 semester credit hours decreased by an average of 35.6% for fiscal year 2014 as compared to the prior fiscal year. With the first year of independent operations that no longer required TSC to follow a tuition and fee concordance policy with the University of Texas at Brownsville (UTB), the Board of Trustees adopted an independent rate that lowered tuition and fees to rates that were more consistent with tuition and fees of community colleges in the State of Texas.
- Grants and Contracts increased in FY 2014 primarily due to remittance of financial aid received by UTB to TSC for the payment of tuition and fees and allocation of student aid to TSC students. Currently, TSC and UTB continue to be accredited as a single institution and all federal financial aid is received by UTB for students attending TSC.
- Other changes in Net Tuition and Fees are attributed to changes in scholarships, discounts and allowances.

Table 4 details the College's sources of non-operating revenues. The key sources of non-operating revenues are state appropriations and ad valorem taxes.

#### TABLE 4 NON-OPERATING REVENUE (in millions)

	Fiscal Year 2014		Fiscal Year 2013			Fiscal Year 2012				
	Aı	nount	Percentage of total	Ar	nount	Percentage of total	Aı	nount	Percentage of total	
State Appropriations	\$	S 7.0 16.5%		\$	11.2	38.6%	\$	11.3	41.7%	
Ad Valorem Taxes		18.1	43.0%		17.7	61.0%		17.5	58.0%	
Investment Income		0.1	0.2%		0.1	0.4%		0.1	0.3%	
Other Non-Operating Revenue		16.9	40.3%		-	0.0%		0.3	0.0%	
Total Non-Operating Revenue	\$	42.1	100.0%	\$	29.0	100.0%	\$	29.2	100.0%	

Non-operating revenues were affected by the following key factors:

- The decrease in state appropriations of \$4.2 million is primarily due to the adjustment in contact hours reported to the state on behalf of the College and adjustments related to transition funding related to operational separation of the College from UTB. The State of Texas finalized the allocation of appropriations during the fiscal year and management had estimated this impact and adjusted the fiscal year 2014 budget accordingly.
- Property tax revenue increased by about \$0.6 million from fiscal year 2013 to fiscal year 2014 as a result of a 2.0% increase in taxable assessed property valuations with the same total tax rate as the prior year. Property tax revenue increased by about \$0.7 million from fiscal year 2012 to fiscal year 2013 as a result of a 2.3% increase in taxable assessed property valuations and a 0.7% decrease to the total tax rate. The tax rates for the Texas Southmost College are \$0.162935, \$0.162935, and \$0.164026 per \$100 valuation for the fiscal years ended 2014, 2013 and 2012, respectively.
- Other Non-Operating Revenue increased by \$16.9 in FY 2014 which is primarily due to the settlement agreement with the University of Texas System (UTS) that resulted in the sale and exchange of buildings, improvements, land and personal property.
- Investment income for FY 2014 is comparable to FY 2013 and FY 2012. Earning rates for funds are also low due to the overall decrease investment rates available.

Key sources of revenue in total for the College are state allocations, grants and contracts, property taxes, and tuition and fees (net of scholarship discounts). Table 5 shows a comparison of the breakdown of total revenues by source for the College in Fiscal Years 2014 and 2013.

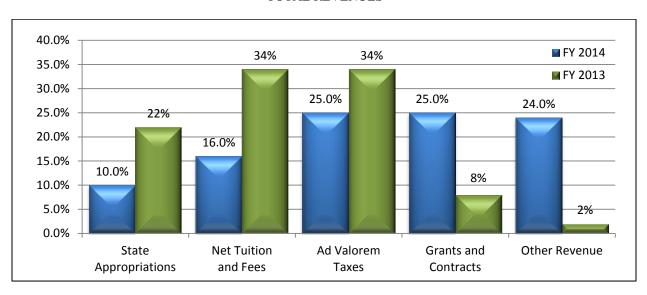

TABLE 5 TOTAL REVENUES

In fiscal year 2014, Other Revenue is the largest source at 24% due to the one time transaction with UTS of the sale and/or exchange of buildings, improvements, land and personal property. State Appropriations are 10% of total revenues as compared to 22% in fiscal year 2013. Net Tuition and Fees in fiscal year 2014 are 16% in fiscal year 2014 as compared to 34% in fiscal year 2013. Ad Valorem taxes decreased to 25% from 34% in fiscal years 2014 and 2013 respectively. Grants and Contracts increased to 25% from 8% in fiscal years 2014 and 2013 respectively, primarily due to the transfer of financial aid received by UTB to TSC in fiscal year 2014.

Table 6 displays the breakdown of operating expenses by natural classification for the College.

TABLE 6

Table 8 displays a comparison of the breakdown of the expenses by functional classification for the College in Fiscal Years 2014 and 2013.

TABLE 8
OPERATING EXPENSES
Functional Classification
(in millions)

For fiscal year 2014, the College began independent operations while maintaining a combined accreditation with The University of Texas at Brownsville. During fiscal year 2013, the College had contracted with UTB to provide instruction and other related essential services and would incur expenses as reflected in the Contract Services - UTB category. In fiscal year 2014, the College began independent operations and incurred expenses related to instruction, student services, academic support, and other normal operating functions related to operating a community college. For fiscal year 2013, The University of Texas at Brownsville released an Annual Financial Report detailing total expenses for both the College and University and should be reviewed in conjunction with this report for further information.

#### Statement of Cash Flows

The Condensed Statement of Cash Flows appears in Table 9. The complete Statement of Cash Flows appears in page 29 and 30 of this report.

TABLE 9
CONDENSED STATEMENT OF CASH FLOWS
(in millions)

	August 31, 2014			gust 31, 2013	August 31, 2012	
Cash provided/ used by: Operating Activities	\$	(10.4)	\$	(11.8)	\$	(14.8)
Noncapital Financing Activities		18.5		22.1		22.3
Capital and Related Activities		20.5		(2.3)		(1.3)
Investing Activities		0.1		0.1		0.1
Net Increase (Decrease) In Cash		28.7		8.1		6.3
Cash-Beginning of the Year		38.6		30.5		24.2
Cash-End of Year	\$	67.3	\$	38.6	\$	30.5

Total Cash and Cash Equivalents increased by 28.7 million in fiscal year 2014 and \$8.1 million during fiscal year 2013. Major factors impacting cash and cash equivalents are described below by source.

*Operating Activities:* During the fiscal year 2014 and fiscal year 2013, cash flows from operations resulted in an outflow of \$10.4 and \$11.8 million, respectively. The major source of cash receipts was from grant and contracts (\$18.6 in 2014 and \$4.3 in 2013) and tuition and fees, net of scholarship allowances and discounts (\$8.3 million in 2014 and \$20.6 million in 2013). The College's major cash outlay was for payments to suppliers and UTB (\$29.8 million in 2014 and \$30.0 in 2013) and for payments related to employees (\$9.1 in 2014 and \$6.9 in 2013).

*Non-capital Financing Activities:* The College had a positive cash flow of \$18.1 in fiscal year 2014 and \$22.1 million in fiscal year 2013 from the collection of property taxes and receipt of state appropriations. Property taxes were collected at a rate of 94.9% and 94.7% of the current year's tax levy for fiscal year 2014 and fiscal year 2013, respectively. (See table 10 below for more information on property taxes.)

Capital and Related Financing Activities: In fiscal year 2014, capital and related financing activities resulted in a net cash inflow of \$20.5 million. The cash inflows net of \$13.7 million resulted from the University of Texas System transaction, the defeasance of the student union building bonds and the regularly scheduled principal and interest payments for the remaining outstanding bonds, and other capital asset transactions. In addition, a regular cash inflow of \$6.8 million was recognized from the collection of property taxes related to bond financings.

#### Statement of Cash Flows (continued)

In fiscal year 2013, capital and related financing activities resulted in a cash outflow of \$2.3 million. Cash outlays of approximately \$9.1 million were made for capital construction projects, purchases of land and property, and principal and interest payments for all outstanding bonds. Cash inflows were primarily from the collection of \$6.7 million of property taxes.

Investing Activities Cash flows from investing activities represent investment earnings generated from the College's various checking and certificate of deposit accounts. The majority of investments in prior years have related to invested assets for outstanding bond proceeds. However, the bond projects have been substantially completed and no new projects were established during fiscal year 2014. In addition, any investment opportunities are resulting in limited earning opportunities for short-term investments due to the economic downturn that exists in the current financial market.

Property taxes are an essential source of revenue for the College. The following table provides information regarding tax collection and assessed valuation for the Texas Southmost College District.

TABLE 10 PROPERTY TAX INFORMATION

	 August 31, 2014		August 31, 2013	 August 31, 2012		
Total Tax Rate per \$100	\$ 0.162935	\$	0.162935	\$ 0.164026		
Total Tax Collections	\$ 17,973,708	\$	17,727,167	\$ 17,459,754		
Tax Collection Rate	94.89%		94.74%	94.18%		
Assessed Valuation	\$ 11,319,374,157	\$	11,097,815,199	\$ 10,849,724,282		

The College's total tax collections increased by approximately 1.4%, due to a 2.0% gross increase in assessed valuations and no change to in the total tax rate. For fiscal year 2014, the Texas Southmost College Board of Trustee's adopted the same tax rate as fiscal year 2013. In August 2014, the Board of Trustees adopted the calculated effective tax rate for the upcoming fiscal year. Overall, the College's tax collection rate has remained strong over the past decade.

#### CAPITAL ASSETS AND DEBT ADMINISTRATION

#### Capital Assets

At the end of Fiscal Year 2014, the College had approximately \$138.0 million (net of accumulated depreciation and amortization) invested in a broad range of capital assets, including instructional and athletic facilities, maintenance of buildings equipment, and computer software. The increase in capital assets primarily relates to the receipt of buildings and personal property owned by UTB which were part of the settlement agreement with UTS. The primary decreases in capital assets were related to the exchange and sale of buildings, improvements and land in the agreement with UTS, the demolition of a student housing facility that was no longer needed for operations, the sale of buildings and improvements to the City of Brownsville, and scheduled depreciation and amortization of existing capital assets.

Note 5 of the financial statements, which begin on page 36, provides further detailed information regarding the College's capital assets. Table 11 summarizes capital asset activity for the year ended August 31, 2013.

TABLE 11 CAPITAL ASSETS AT FISCAL YEAR END 2013 (in millions)

	В	alance				В	alance
		gust 31, 2013	ases and sifications	De	ecreases	`	gust 31, 2014

#### Debt

The College's general obligation bond ratings, as assigned by *Fitch Ratings* and *Standard and Poor's* are **AA**-and **AA**- respectively. The College's revenue bond rating is **A**, as assigned by *Standard and Poor's*.

At year-end, the College had approximately \$80.4 million in total bonds payable. Notes 6 through 8 of the financial statements which begin on page 38 provide further detailed information regarding the College's debt obligations. Table 12 summarizes these amounts by type of debt instrument.

#### **Debt** (Continued)

#### TABLE 12 BONDS PAYABLE AT FISCAL YEAR END 2013 (in millions)

	Bal	lance					Ва	lance
	_	ust 31, 013	Increase		Decrease		August 31, 2013	
General Obligations	\$	67.5	\$	-	\$	(3.4)	\$	64.1
Revenue Bonds		22.9		-		(6.8)		16.1
Plus Premium on Bonds		0.6		-		-		0.6
Less Deferred Amounts on Refunding		(0.4)		-		-		(0.4)
Total Bonds Payable	\$	90.6	\$	-	\$	(10.2)	\$	80.4

The Student Union Building Bonds were issued in March of 2000. They were sold for the construction, operation and maintenance of the Student Union Building. \$7.1 million of the bonds outstanding for the Student Union Building were refunded in 2005. This obligation is paid by student union fees assessed to the students. During fiscal year 2014, the Student Union Building Bonds were defeased as part of the transaction to sell the Student Union Building to UTS. The decrease in Revenue Bonds includes the removal of the \$6.2 million of principal that was outstanding at August 31, 2013.

In May 2002, the College issued a \$5 million Revenue Bond to fund various capital projects on campus. These projects included the ITECC, the development of the Village at Fort Brown student housing project, and other improvements. \$4.775 million of these revenue bonds were refunded and an additional \$1.815 million were secured for campus improvements for a total of \$6.590 million in 2006. Pledged revenues derived from tuition and fees, student and employee parking fees, and interest on investment earnings are the sources for debt service. In fiscal year 2014, the Village at Fort Brown was demolished and the land will be held for possible development in the future.

In February 2005, the College made the first bond issuance for \$19.805 million out of the total \$68 million in bonds that were approved by the voters in November of 2004. The second issuance for \$24.945 million was made in April 2006, the third issuance for \$14 million was made in June 2007, the fourth issuance for \$5 million was made in June 2008, and the fifth and final issuance for \$4 million was made in June 2009. These issuances will be used for the construction of seven major capital projects on campus. The source of revenue for this debt service is ad valorem tax levy.

In May 2006, June 2007, June 2008 and June 2009 the College also issued \$4.835 million, \$2 million, \$5 million and \$3.25 million respectively in Maintenance Tax Notes to fund various renovation and restoration projects on campus. The source of revenue for this debt service is ad valorem tax levy.

#### ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES

On November 10, 2010, the University of Texas' Board of Regents voted to terminate the existing partnership with Texas Southmost College. On February 17, 2011, the Texas Southmost College Board of Trustees voted to create an independent community college and reaffirmed the decision to separate on March 22, 2011. On June 20, 2011, the Texas Legislature passed a new and amended law to clear a path to allow for the separation of the partnership and the establishment of an independent university and an independent community college. The new legislation provides a termination date for the partnership of August 31, 2015 or to the extent necessary to ensure accreditation. Until separate accreditation is achieved, TSC students are accredited under the UTB/TSC accreditation.

During fiscal year 2011, the Texas Southmost College Board of Trustees established a transition team to work with the University of Texas System transition team to begin discussions to end the partnership. In October 2011, Dr. Lily Tercero was hired as the new president for TSC and she will work to reestablish the community college as an independent and fully functional college which will offer associate degrees, vocational training, certificates, and continued education in the State of Texas. During fiscal year 2012, on-going work has continued towards becoming operationally separated in the fall semester of 2013 and working to become separately accredited by 2015. In fiscal year 2014, TSC began its first year of independent operations of the college.

In January 2014, TSC and University of Texas System entered into a settlement agreement for the sale and exchange of buildings, land, improvements and personal property which resulted in the cash inflow to TSC of over \$29 million. Approximately \$5 million of the proceeds and the balance held in the debt reserve fund was used to defease the student union building fees revenue refunding bonds, series 2005. In addition to the property transactions, TSC entered into facility leasing arrangements with UT system for over \$2 million in rent revenue in fiscal year 2014.

The Board of Trustees considered many factors when establishing the fiscal year 2014 budget and tax rates. Tuition and fees revenues are lowered by approximately \$1,000 per semester for in-district students taking general education courses as compared to the prior fiscal year. For the fiscal year 2015 budget, the Board of Trustees lowered the tuition and fees rates due to the elimination of the student union fee of \$45.30 per student semester. Texas Southmost College will examine tuition rates for the future budget and will be seeking ways to make the cost to students affordable.

The Board of Trustees adopted the effective tax rate for fiscal year 2015, which is generally attributed as no increases in taxes with a slight adjustment to the tax rate. Collections are projected to remain fairly strong. Expenditures are expected to stay in line with the projected overall increase in revenues as the institution strives to meet instructional as well as campus improvement needs.

#### CONTACTING THE COLLEGE'S FINANCIAL MANAGEMENT

This financial report is designed to provide our citizens, taxpayers, customers, and investors and creditors with a general overview of the College's finances and to show the College's accountability for the funds it receives. If you have questions about this report or need additional financial information, contact the Texas Southmost College District Office at (956) 295-3600.

The accompanying notes are an integral part of these financial statements.

### NOTES TO FINANCIAL STATEMENTS

#### TEXAS SOUTHMOST COLLEGE DISTRICT

Notes to the Financial Statements August 31, 2014 and 2013

#### 1. Reporting Entity

Texas Southmost College was established in 1926, in accordance with the laws of the State of Texas to serve the educational needs of Brownsville and the surrounding communities. The Southmost Union Junior College District was established in 1949 and in 2005 officially changed its name to Texas Southmost College District (the District). Texas Southmost College District is considered to be a special-purpose, primary government according to the definition in Governmental Accounting Standards Board (GASB) Statement 14. While the District receives funding from local, state and federal sources, and must comply with the spending, reporting and record keeping requirements of these entities, it is not a component unit of any other governmental entity.

#### 2. Summary of Significant Accounting Policies

#### Report Guidelines

The significant accounting policies followed by the District in preparing these financial statements are in accordance with the Texas Higher Education Coordinating Board's *Annual Financial Reporting Requirements for Texas Public Community and Junior Colleges*. The District applies all applicable GASB pronouncements and all applicable Financial Accounting Standards Board (FASB) statements and interpretations issued on or before November 30, 1989, unless they conflict or contradict GASB pronouncements. The District has elected not to apply FASB guidance issued subsequent to November 30, 1989, unless specifically adopted by the GASB. The District is reported as a special-purpose government engaged in business type activities.

#### **Tuition Discounting**

**Texas Public Education Grants** – Certain tuition amounts are required to be set aside for use as scholarships by qualifying students. This set aside, called the Texas Public Education Grant (TPEG), is shown with tuition and fee revenue amounts as a separate set aside amount (Texas Education Code §56.033). For fiscal 2013 only, scholarships are transferred to University of Texas – Brownsville (UTB) to be awarded to students. Amounts transferred to UTB are recorded as tuition discounts.

Scholarship Allowances and Discounts – The District awards tuition and fee scholarships from institutional funds to students who qualify. Scholarships are transferred to University of Texas – Brownsville to be awarded to students. Amounts transferred to UTB are recorded as tuition discounts.

#### **Basis of Accounting**

The financial statements of the District have been prepared on the accrual basis whereby all revenues are recorded when earned and all expenses are recorded when they have been reduced to a legal or contractual obligation to pay.

#### **Budgetary Data**

Each community college district in Texas is required by law to prepare an annual operating budget of anticipated revenues and expenditures for the fiscal year beginning September 1<sup>st</sup>. The District's Board of Trustees adopts the budget, which is prepared on the accrual basis of accounting. A copy of the approved budget and subsequent amendments must be filed with the Texas Higher Education Coordination Board, Legislative Budget Board, Legislative Reference Library, and Governor's Office of Budget and Planning by December 1<sup>st</sup>.

## TEXAS SOUTHMOST COLLEGE DISTRICT Notes to the Financial Statements August 31, 2014 and 2013

#### Cash and Cash Equivalents

The District's cash and cash equivalents are considered to be cash on hand, demand deposits and short-term investments with original maturities of three months or less from the date of acquisition.

#### Investments

In accordance with GASB Statement No. 31 Accounting and Financial Reporting for Certain Investments and External Investment Pools, investments are reported at fair value. Fair values are based on published market rates. Short-term investments have an original maturity greater than three months but less than one year at time of purchase. Long-term investments have an original maturity of greater than one year at the time of purchase.

#### Pledges

Conditional pledges to be received in future periods, and intentions to pledge, are recognized when the specified conditions are met or the promise is made. These pledges are restricted for the Arts Center.

Pledges Receivable		2014	2013		
Due within one year	\$	75,279	\$	75,279	
Due after one year		239,791		239,791	
Subtotal:		315,070		315,070	
Less allowance for uncollectible		(283,563)		(227,219)	
Total pledges receivable	\$	31,507	\$	87,851	

#### **Inventories**

Inventories consist of consumable office supplies, physical plant supplies. Inventories are valued at cost and are under the charged to expense as consumed.

#### Capital Assets

Capital assets are recorded at cost at the date of acquisition, or fair value at the date of donation. For equipment, the District's capitalization policy includes all items with a unit cost of \$5,000 or more and an estimated useful life in excess of one year. Renovations of \$100,000 to buildings, infrastructure and land improvements that significantly increase the value or extend the useful life of the structure are capitalized. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are charged to operating expense in the year in which the expense is incurred.

Depreciation is computed using the straight-line method over the estimated useful lives of the assets, generally 50 years for buildings, 20 years for land improvements, 15 years for library books, 10 years for furniture, machinery, vehicles and other equipment and 5 years for telecommunications and peripheral equipment.

#### **Unearned Revenues**

Tuition and fees of \$6,204,360 and \$5,099,556 have been reported as unearned revenue at August 31, 2014 and 2013, respectively.

#### **Deferred Inflows**

In addition to liabilities, the statement of net position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. Governments are only permitted to report deferred inflows in circumstances specifically authorized by the GASB.

#### **Deferred Outflows**

In addition to assets, the statement of net position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense) until then. Governments are only permitted to report deferred outflows in circumstances specifically authorized by the GASB. A typical deferred outflow for community colleges is a deferred charge on refunding debt.

#### Estimates

The preparation of the financial statements inconformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

#### Operating and Non-Operating Revenue and Expense Policy

The District distinguishes operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services in connection with the District's principal ongoing operations. The principal operating revenues are tuition and related fees. The major non-operating revenues are state appropriations and property tax collections. Operating expenses include the cost of sales and services, administrative expenses, and depreciation on capital assets. The Bookstore is not operated by the District.

#### 3. Authorized Investments

Texas Southmost College District is authorized to invest in obligations and instruments as defined in the Public Funds Investment Act (Sec. 2256.001 Texas Government Code). Such investments include (1) obligations of the United States or its agencies, (2) direct obligations of the State of Texas or its agencies, (3) obligations of political subdivisions rated not less than A by a national investment rating firm, (4) certificates of deposit, and (5) other instruments and obligations authorized by statute.

#### Notes to the Financial Statements August 31, 2014 and 2013

#### 4. <u>Deposits and Investments</u>

Cash and Deposits included on Exhibit 1, Statement of Net Assets, consist of the items reported below:

#### Cash and Deposits

	August 31,				
	2014		2013		
Bank Deposits					
Demand Deposits - Unrestricted	\$ 45,285,156	\$	19,457,923		
Demand Deposits - Restricted	22,300,000		21,832,652		
Cash and Cash Equivalents					
Petty Cash on Hand	300		2,910		
Reconciling Items in Transit	(269,806)		(2,669,264)		
Total Cash and Deposits	\$ 67,315,650	\$	38,624,221		

#### Reconciliation of Deposits and Investments

Type of Security	Market Value 08/31/14	M	arket Value 08/31/13
Total Cash and Deposits Total Investments	\$ 67,315,650 126,697	\$	38,624,221 95,161

Total Deposits and Investments	\$ 67,442,347	\$	38,719,382

As of August 31, 2014 the District had the following investments and maturities:

Investment Type	Fair Value		
U.S. Government Securities	\$	-	
U.S. Treasuries		-	
Commercial Papers		-	
Investment Pool		-	
Certificate of Deposit		-	
Common Stock		126,697	
Municipal Bonds			
Total Fair Value	\$	126,697	

## TEXAS SOUTHMOST COLLEGE DISTRICT Notes to the Financial Statements

Notes to the Financial Statement August 31, 2014 and 2013

*Credit Risk* – In accordance with state law and the District's investment policy, investments in mutual funds and investment pools must be rated at least AAA, commercial paper must be rated at least A-1 or P-1, and investments in obligations from other states, municipalities, counties, etc. must be rated at least A. The District does not place a limit on the amount it may invest in any one issuer.

Custodial Risk – For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the District will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. In accordance with state law and District policy, the District requires monthly reports with market values of pledged securities from all financial institutions with which the District has collateralized deposits.

At August 31, 2014, the District's investments consisted of savings accounts which are reported as cash and cash equivalents on the Statement of Net Assets and common stocks that were donated to the District. The stocks are held in an endowment fund and have donor restrictions.

	\$ 16,070	\$ 7,274	\$ 23,344	\$ 64,085	\$ 23,732	\$ 87,817	\$ 80,155	\$ 31,006	\$111,161		

#### 8. <u>Defeased Bonds Outstanding</u>

The <u>Student Union Building Fees Revenue Refunding Bonds</u>, <u>Series 2005</u> have been defeased by the District during the fiscal year ended August 31, 2014. Monies were placed in an escrow fund to provide for the future debt service payments. Accordingly, the trust account assets and defeased bonds are not included in the District's financial statements.

The District had the following defeased bonds outstanding at August 31,:

	Year	 Par Value Outstanding			
Bond Issue	Refunded	2014	2013		
Student Union Building Fees		_			
Revenue Refunding Bonds	2005	\$ 5,750,000	\$	6,160,000	

#### Notes to the Financial Statements August 31, 2014 and 2013

#### 9. Bonds Payable

General information related to bonds payable is summarized below:

#### Limited Tax Bonds, Series 2005

- To be used for the construction and equipment of school buildings and purchase of necessary sites
- Issued tax bonds on February 15, 2005
- \$19,805,000, all authorized bonds have been issued
- Source of revenue for debt service ad valorem tax levy

Bonds payable are due in annual installments varying from \$1,005,000 to \$1,570,000 with interest at 3% to 5% and the final installment due August 2025.

For the year ended August 31,	Principal		Interest		Total
2015	\$	1,005,000	\$	599,631	\$ 1,604,631
2016		1,045,000		560,933	1,605,933

#### 10. Employees' Retirement Plan

The State of Texas has joint contributory retirement plans for almost all of its employees. One of the primary plans in which the district participates is administered by the Teacher Retirement System of Texas.

#### Teacher Retirement System of Texas

#### Plan Description

The Texas Southmost College District contributes to the Teacher Retirement System of Texas (TRS), a cost sharing, multiple employer defined benefit pension plan. TRS administers retirement and disability annuities, and death and survivor benefits to employees and beneficiaries of employees of the public school systems of Texas. It operates primarily under the provision of the Texas Constitution, Article XVI, Sec. 67, and Texas Government Code, Title 8, Subtitle C. The Texas state legislature has the authority to establish and amend benefit provisions of the pension plan. TRS issues a publically available financial report with required supplementary information which can be obtained from <a href="https://www.trs.state.tx.us">www.trs.state.tx.us</a>, under the TRS Publications heading.

#### Funding Policy

Contribution requirements are not actuarially determined but are established and amended by the Texas state legislature. The State funding policy is as follows: (1) The state constitution requires the legislature to establish a member contribution rate of not less than 6.0% of the member's annual compensation and State contribution rate of not less than 6.0% and not more than 10% of the aggregate annual compensation of all members of the system; (2) A State statute prohibits benefit improvements or contribution reductions if, as a result of the particular action, the time required to amortize TRS' unfunded actuarial liabilities would be increased to a period that exceeds 31 years, or, if the amortization period already exceeds 31 years, the period would be increased by such action. State law provides for a

#### Notes to the Financial Statements August 31, 2014 and 2013

member contribution rate of 6.4% for fiscal years 2014, 2013, and 2012, and a state contribution rate of 6.8% for fiscal year 2014, 6.4% for fiscal year 2013 and 6.00% for fiscal year 2012. In certain instances the reporting district is required to make all or a portion of the state's contribution rate of 6.8% for fiscal year 2014, 6.4% for fiscal year 2013 and 6.00% for fiscal year 2012.

#### Optional Retirement Plan

#### Plan Description

The state has also established an optional retirement program for institutions of higher education. Participation in the Optional Retirement Program is in lieu of participation in the Teacher Retirement System. The optional retirement program provides for the purchase of annuity contracts and operates under the provisions of the Texas Constitution, Article XVI, Sec. 67 and Texas Government Code, Title 8, Subtitle C.

#### Funding Policy

Contribution requirements are not actuarially determined but are established and amended by the Texas State legislature. The percentages of participant salaries contributed by the state are 6.60% in fiscal year 2014 and 6.00% in fiscal years 2013 and 2012. Participant contribution rate for fiscal years 2014, 2013, and 2012 was 6.65%. The District does not contribute for employees who were participating in the optional retirement program prior to September 1, 1995. Benefits fully vest after one year plus one day of employment. Because these are individual annuity contracts, the state has no additional or unfunded liability for this program.

The retirement expense to the State for the District was \$523,350, \$92,708 and \$54,198 for the fiscal years ended August 31, 2014, 2013, and 2012, respectively. The amount represents the portion of expended appropriations made by the State Legislature on behalf of the District.

The total payroll for all District employees was \$9,267,155, \$1,563,053 and \$903,297 for fiscal years 2014, 2013, and 2012, respectively. The total payroll of employees covered by the Teacher Retirement System was \$5,267,743, \$1,012,638 and \$647,547 for the fiscal years 2014, 2013, and 2012, respectively, and the total payroll of employees covered by the Optional Retirement Program was \$2,502,178, \$464,984 and \$255,750 for fiscal years 2014, 2013, and 2012, respectively.

#### 11. Deferred Compensation Program

District employees may elect to defer a portion of their earnings for income tax and investment purposes pursuant to authority granted in Government Code 609.001. The plan is essentially an unfunded promise to pay by the employer to each of the plan participants. As of August 31, 2014, the District did not have any employees participating in a deferred compensation program.

#### 12. <u>Compensable Absences</u>

Full-time employees earn annual leave beginning on the first day of employment at the same rate and with the same limit as state employees as published each biennium in the General Appropriations Act. The District policy is that a full-time employee may carry his accrued leave forward from one fiscal year to another fiscal year with a maximum number or hours up to 160 for all full time staff employees. Employees with at least six months of continuous, benefits eligible, state employment prior to separation, and terminate their employment are entitled to payment for all accumulated annual leave up to the maximum allowed. The District recognized the accrued liability for the unpaid annual leave for in the amounts of \$226,603 and \$107,191 for August 31, 2014 and 2013. Sick leave, which is accumulated, is

earned at the rate of 8 hours per month and has a limit of 720 hours. Sick leave is accrued at the rate of 8 hours for each full month of employment for benefits-eligible employees and shall accrue to a maximum of 90 workdays (720 hours). Upon death of an employee, one-half of the accumulated sick leave days shall be paid to the designated beneficiary at the rate of the employee's salary at the time of death up to 336 hours provided that the employee was continually employed with TSC for 6 months prior to death. Sick leave shall also be paid to an employee who terminates or retires, provided employment by the College District has been continuous full time for at least ten years up to 336 hours.

The accrued leave liability is shown as a current liability in the financial statements because it is contingent on a future event that may occur in the subsequent fiscal year. When the event will actually occur is beyond the control of the employer.

The District's policy is to recognize the cost of sick leave when paid. The liability is not shown in the financial statements because sick leave does not qualify as a compensated absence since it is contingent on a future event (namely, illness) that is beyond the control of both the employer and the employee.

Compensable absences activity for the years ended August 31, 2014 and 2013 was as follows:

	Balance August 31, 2013	Increases	Decreases	Balance August 31, 2014
	2013	Ilicieases	Decreases	2014
Compensable absences	\$ 107,191	\$ 207,927	\$ (88,515)	\$ 226,603
	Balance			Balance
	August 31,			August 31,
	2012	Increases	Decreases	2013
Compensable absences	\$ 64,096	\$ 77,656	\$ (34,561)	\$ 107,191

#### 13. Pending Lawsuits and Claims

On August 31, 2014, various lawsuits and claims involving Texas Southmost College District were pending. While the ultimate liability with respect to litigation and other claims asserted against the District cannot be reasonably estimated at this time. This liability, to the extent not provided for by insurance or otherwise, is not likely to have a material effect on the District.

#### 14. Disaggregation of Receivables and Payables Balances

#### Receivables

Receivables at August 31, were as follows:

	2014	2013
Taxes receivable	\$ 2,521,170	\$ 2,595,770
Federal receivable	103,871	90,587
Student receivable	5,014,100	2,873,331
Accounts receivable	191,193	90,410
Donations receivable	315,070	315,070
Accrued interest receivable	10,850	-
Other receivable - due from Cameron County	104,915	101,470
Other receivable - due from UTB	2,034,190	660,932
Subtotal	10,295,359	6,727,570
Allowance for doubtful accounts	(484,925)	(357,007)
Total Receivables	\$ 9,810,434	\$ 6,370,563

#### <u>Payables</u>

Payables at August 31, were as follows:

	2014	2013
Vendors payable	\$ 1,464,113	\$ 851,940
Other payables - due to UTB	1,684,245	940,336
<b>Total Payables</b>	\$ 3,148,358	\$ 1,792,276

#### 15. Contract and Grant Award

Contract and grant awards are accounted for in accordance with the requirements of the AICPA Industry Audit Guide, *Audits of Colleges and Universities*. Revenues are recognized on Exhibit 2 and Schedule A. For federal contract and grant awards, funds expended, but not collected, are reported as Federal Receivables on Exhibit 1. Non-federal contract and grant awards for which funds are expended, but not collected, are reported as accounts receivable on Exhibit 1. Contract and grant awards that are not yet funded and for which the District has not yet performed services are not included in the financial statements.

There were no contracts or grants awarded during fiscal years 2014 and 2013, for which monies have not been received, nor expended.

#### 16. Self-Insured Plans

The District has various self-insured arrangements for coverage in the areas of employee health insurance, worker's compensation, unemployment compensation, and medical liability. Employee health and medical liability plans are funded. Worker's compensation and unemployment compensation plans are on a pay-as-you-go basis, in which no assets are set aside. Accrued liabilities are generally based on actuarial valuation and represent the present value of unpaid expected claims. Estimated future payments for incurred claims are charged to current operations.

#### 17. Post Retirement Health Care and Life Insurance Benefits

In addition to providing pension benefits, the state provides certain health care and life insurance benefits for retired employees. Almost all of the employees may become eligible for those benefits if they reach normal retirement age while working for the state. Those and similar benefits for active employees are provided through an insurance company whose premiums are based on benefits paid during the previous year. Since the on-behalf payments are made directly to the retirement plan by the State, the District would recognize the payments as revenues and expenses on its financial statements. However, at August 31, 2014 the District did not have any retired employees participating in post-retirements health care and life insurance benefits.

#### 18. Ad Valorem Tax

The District's ad valorem property tax is levied each October 1<sup>st</sup> on the assessed value listed as of the prior January 1<sup>st</sup> for all real and business personal property located in the District.

2014   2013	As of August 31:

Section 130.122 of the Texas Education Code, as amended, limits a junior college district's tax rate to \$1.00 per \$100 taxable assessed valuation (of which a maximum of \$0.50 may be pledged for bond debt service), and the District is further restricted by local referendum which limits the tax rate for local maintenance to \$0.35.

Taxes levied for the years ended August 31, 2014 and 2013 amounted to \$18,122,935 and \$17,730,679, respectively including any penalty and interest assessed. Taxes are due on receipt of the tax bill and are delinquent if not paid before February 1 of the year following the year in which imposed.

		2014	
	Current	Debt	
Taxes Collected	Operations	Service	Total
Current taxes collected	\$ 10,637,128	\$ 6,417,522	\$ 17,054,650
Delinquent taxes collected	560,309	342,682	902,991
Penalties and interest collected	367,310	187,067	554,377
Less discounts and commissions	(335,777)	(202,532)	(538,309)
Total Collections	\$ 11,228,969	\$ 6,744,739	\$ 17,973,708
		2013	
	Current	Debt	
Taxes Collected	Operations	Service	Total
Current taxes collected	\$ 10,393,756	\$ 6,404,430	\$ 16,798,186
Delinquent taxes collected	601,923	324,996	926,919
Penalties and interest collected	345,299	187,551	532,850
Less discounts and commissions	(329,684)	(201,104)	(530,788)
Total Collections	\$ 11,011,294	\$ 6,715,873	\$ 17,727,167

Tax collections for the years ended August 31, 2014 and 2013 were 94.89% and 94.74%, respectively of the current tax levy. Allowance for uncollectible taxes are based upon historical experience in collecting property taxes. The use of tax proceeds is restricted for the use of maintenance and/or general obligation debt service.

#### 19. Income Taxes

The District is exempt from income taxes under internal Revenue Code Section 115, <u>Income of States</u>, <u>Municipalities</u>, <u>Etc.</u> although unrelated business income may be subject to income tax under internal Revenue code Section 511 (a)(2)(B), <u>Imposition of Tax on Unrelated Business Income of Charitable</u>, <u>Etc. Organizations</u>. The District had no unrelated business income tax liability for the years ended August 31, 2014, and 2013.

#### 20. Risk Management

The District is exposed to various risks of loss related to torts, theft, damage or destruction of purchased assets. The District carries commercial insurance to cover general liabilities. There were no significant reductions in coverage in the past fiscal year and there were no settlements exceeding insurance coverage for each of the past three years.

#### 21. Restricted Assets

As of August 31, 2014 and 2013, the balances of the restricted assets are as follows:

		2014	 2013
Endowment	\$	160,543	\$ 10,283
Scholarships		2,226,022	2,178,198
Federal awards		6,396,895	1,974,010
Restricted contributions - arts center		790,832	789,546
Restricted - parking		1,030,888	1,029,967
Restricted - insurance		1,134,386	1,132,543
General obligation - debt service		2,373,481	1,923,905
Revenue bond - debt service		5,326,312	6,923,221
Revenue bond - construction account	_	2,802,906	 2,798,351
	\$	22,242,265	\$ 18,760,024

#### 22. Grants and Contract Contingencies

The District participates in various grant programs that are governed by various rules and regulations of the grantor agencies. All grants and contracts of the District are passed through to the University of Texas – Brownsville in accordance with the partnership agreement between the two schools. UTB meets all the characteristics of a subrecipient as outlined in Circular A-133 however; it is not being treated as a subrecipient because the partnership agreement is intended to allow UTB to act for and on behalf of the District. Costs charged to the respective grant programs are subject to audit and adjustment by the grantor agencies; therefore, to the extent UTB has not complied with the rules and regulations governing the grants, the District would be held accountable and any refund of money received may be required and the collectability of any related receivable may be impaired. In the opinion of the District's management, there are no significant contingent liabilities relating to compliance with the rules and regulations governing the respective grants; therefore, no provision has been recorded in the accompanying financial statements for such contingencies.

#### 23. Related Parties (Not a component unit)

The Texas Southmost College Foundation, Inc. is a nonprofit organization with the purpose of supporting the educational and other activities of the District. Texas Southmost College District does not appoint a voting majority nor does it fund or is obligated to pay debt related to this association. The District does not have the ability to significantly influence the policies of this Foundation. The Foundation solicits donations and acts as coordinator of gifts made by other parties. It remitted unrestricted gifts of \$0 and \$61,000, to UTB during the years ended August 31, 2014 and 2013, respectively. The District furnished certain services, such as office space, utilities and some staff assistance, at no cost to the Foundation.

#### 24. Excess Interest and Rebatable Arbitrage

The Tax Reform Act of 1986 established arbitrage regulations that generally limit the rate or return on investment earnings of unexpended tax-exempt debt proceeds. With certain adjustments, the investment yield is limited to the interest rate on the debt itself. Federal tax code requirements now compel state and local governments to rebate defined arbitrage earnings of tax-exempt debt to the federal government every five years for as long as the bonds are outstanding. As of the audit report date, the District had received a preliminary calculation of the arbitrage amount of \$12,131 and \$28,760, which are reported as part of accrued expenses on these financial statements for the fiscal years ended 2014 and 2013, respectively.

#### 25. Post Employment Benefits Other than Pensions

The District does not participate in any post employment benefits.

#### 26. Contingencies

Texas Constitution article 16, section 67(b)(3) provides that the State of Texas must contribute "not less than six percent nor more than ten percent of the aggregate compensation paid to individuals participating in the system", referring to the State's Teacher Retirement System (TRS) including the related faculty Optional Retirement Program (ORP).

During the 2011 legislative session, the Texas legislature appropriated retirement funds for various types of educational institutions other than community and junior colleges in satisfaction of this requirement, but the community college appropriations restricted the State's contribution to TRS/ORP on behalf of community colleges to only six percent of each district's unrestricted General Revenue appropriation for each year of the biennium state budget.

There is no pending litigation concerning this issue to construe the constitutional funding requirements; or to hold that the State biennium appropriations satisfy those requirements; or to attempt to collect any shortfall contributions from any community college district.

#### 27. Prior Period Adjustment to Net Position for Change in Accounting

As a result of implementing GASB Statement No. 65, The District has decreased beginning net position as of September 1, 2013 by \$1,615,727. The decrease results from no longer deferring and amortizing bond issuance costs.

Unamortized premiums on bonds, previously reported as a component of non-current liabilities, has been reclassified to deferred inflows of resources. The effect of these changes decreases non-current liabilities by \$633,501 and \$687,004 for fiscal years ended August 31, 2014 and 2013, respectively. These changes do not impact net position.

Deferred refunding costs, previously reported as a component of current assets, has been reclassified to deferred outflows of resources. The effect of these changes decreases current assets by \$352,927 and \$395,917 for fiscal years ended August 31, 2014 and 2013, respectively. These changes do not impact net position.

The restatements of prior period balances are summarized in the schedule below:

## STATISTICAL SECTION

This part of the Texas Southmost College District's comprehensive annual financial report represents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the government's overall financial health.

Contents	Page
Financial Trends	61
These schedules contain trend information to help the reader understand how the District's financial performance and well-being have changed over time.	
Revenue Capacity	63
These schedules contain information to help the reader assess the District's most significant local revenue source, the property tax.	
Debt Capacity	69
These schedules contain trend information to help the reader assess the affordability of the District's current levels of outstanding debt and the District's ability to issue additional debt in the future.	
Demographic and Economic Information	73
These schedules offer demographic and economic indicators to help the reader understand the environment within which the District's financial activities take place.	
Operating Information	74
These schedules contain service and infrastructure data to help the reader understand how the information in the District's financial report relates to the services the District provides and the activities it performs.	

Sources: Unless otherwise noted, the information in these schedules is derived from the comprehensive annual financial reports for the relevant year.

**Note:** Due to reporting format and definition changes prescribed by GASB Statement 34, only fiscal years 2005-2014 are available. In FY2004, as a result of our partnership with The University of Texas at Brownsville, a change in functional classification reporting was implemented whereby this reporting will be done at the partnership level.

Child Day Care Center	93.667	031-0006	24,329	
Total U.S. Department of Health and Human Services			24,329	
Total Federal Financial Assistance			\$ 232,385	

Notes to schedule on following pages

#### Notes to Schedule of Expenditures of Federal Awards For the Year Ended August 31, 2014

Note 1: Federal Assistance Reconciliation	Pass-Through Disbursements	
Federal revenue received by Texas Southmost College District Federal grants and contracts revenue per Schedule A Federal revenue received by University of Texas at Brownsville	\$ 232,385 6,223,662	
Total Federal Revenues	\$ 6,456,047	

#### Note 2: Significant Accounting Policies Used in Preparing the Schedule

The expenditures included in the schedule are reported for the District's fiscal year. Expenditure reports to funding agencies are prepared on the award period basis. The expenditures reported above represent funds that have been expended by the District and the University of Texas - Brownsville for the purpose of the award. The expenditures reported above may not have been reimbursed by the funding agencies as of the end of the fiscal year. Some amounts reported in the schedule may differ from amounts used in the preparation of the basic financial statements. Separate accounts are maintained for the different awards to aid in the observance of limitations and restrictions imposed by the funding agencies. The District has followed all applicable guidelines issued by various entities in the preparation of the schedule.

#### Note 3: Expenditures not Subject to Federal Single Audit

The following federal funds were not subject to a federal single audit:	Amount	
Program Name		
84.063 - Federal Pell Grant Program	\$	5,948,448
84.007 - SEOG		105,250
84.033 - Federal Work Study Program		169,964
	<u>\$</u>	6,223,662

These were not subject to federal single audit because the University of Texas - Brownsville receives certain federal funds which are disbursed to Texas Southmost College students. These funds are audited as part of UTB's audit and are not included above.

#### Note 4: Student Loans Processed and Administrative Costs Recovered

There were no student loans processed or administrative costs recovered.

#### Note 5: Non-monetary Federal Assistance Received

Texas Southmost College District did not receive any non-monetary federal assistance this fiscal year.

#### Notes to Schedule of Expenditures of Federal Awards For the Year Ended August 31, 2014 (Continued)

#### Note 6: Amounts Passed Through by the District

Under a partnership agreement with the University of Texas - Brownsville (UTB), UTB agreed to receive, administer, spend and comply with the grant requirements of all federal grants. All expenditures presented in the schedule were passed-through to UTB. UTB meets all the characteristics of a subrecipient as outlined in Circular A-133; however, it is not being treated as a subrecipient because the partnership agreement is intended to allow UTB to act for and on behalf of the District.

The following amounts were passed-through to the listed subrecipients by the District. These amounts were from the Endowment College Grant program, CFDA 84.031 from U.S. Department of Education. Under the grant's guidelines, the corpus plus 50% of the aggregate earnings were restricted for a 20 year period ending June 2009. Funds are now unrestricted.

84.031 - Title III Endowment College Grant Program

\$ 6,954,704

#### Note 2: Significant Accounting Policies Used in Preparing the Schedule

The accompanying schedule is presented using the accrual basis of accounting. See Note 2 to the financial statements for the Texas Southmost College District's significant accounting policies. These expenditures are reported on Texas Southmost College District's fiscal year. Expenditure reports to funding agencies are prepared on the award period basis.

## REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Trustees Texas Southmost College District Brownsville, Texas

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the Texas Southmost College District, as of and for the year ended August 31, 2014 and 2013 and the related notes to the financial statements, which collectively comprise the Texas Southmost College District's basic financial statements, and have issued our report thereon dated November 12, 2014.

#### **Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered Texas Southmost College District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Texas Southmost College District's internal control. Accordingly, we do not express an opinion on the effectiveness of the Texas Southmost College District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

#### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the Texas Southmost College District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

#### **Public Funds Investment Act**

We have performed tests designed to verify the Texas Southmost College District's compliance with the requirements of the Public Funds Investment Act. During the year ended August 31, 2014, no instances of noncompliance were found. However, providing an opinion on compliance with the Public Funds Investment Act was not an objective of our audit, and accordingly, we do not express an opinion.

#### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Brownsville, Texas November 12, 2014

attillo, Brom & Dile, C.P.

### INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY OMB CIRCULAR A-133

To the Board of Trustees Texas Southmost College District Brownsville, Texas

#### Report on Compliance for Each Major Federal and State Program

We have audited the Texas Southmost College District's compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* that could have a direct and material effect on each of the Texas Southmost College District's major federal and state programs for the year ended August 31, 2014. Texas Southmost College District's major federal and state programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

#### Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal and state programs.

#### **Auditor's Responsibility**

Our responsibility is to express an opinion on compliance for each of the Texas Southmost College District's major federal and state programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal or state program occurred. An audit includes examining, on a test basis, evidence about the Texas Southmost College District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal and state program. However, our audit does not provide a legal determination of the Texas Southmost College District's compliance.

#### Opinion on Each Major Federal and State Program

In our opinion, the Texas Southmost College District, complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal and state programs for the year ended August 31, 2014.

#### **Report on Internal Control Over compliance**

Management of the Texas Southmost College District is responsible for establishing and maintaining effective internal control over compliance with the types of compliance referred to above. In planning and performing our audit, we considered the Texas Southmost College District's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal and state program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing our opinion on compliance for each major federal and state program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Texas Southmost College District's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal or state program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal or state program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal or state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of the testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.
